

Flatbed Body

If you need a flatbed we can build it. From dumps, landscaper bodies, stake beds, to virtually anything you can dream up, we can do it. We specialize in custom flatbeds built to your exact needs.

Whether it's our consistent high quality at a reasonable price, or our commitment to green manufacturing, we do things the right way. Our attention to detail and quality craftsmanship are second to none. Summit isn't the biggest, just the best.
